Everything is perfect  
Then I get this phone call  
Telling me something I said or did  
that wasn't even my fault  
When will I know it's the end  
When theirs nothing left for me and you

Then it gets much much worse as the day goes on  
I hear rumours of lies of my name being dropped by  
the friends that I once loved  
When will I know it's the end  
When theirs nothing left for me and you

Well take a good look  
And tell me what you see  
I've got a bad feeling bout' a thing or two  
And the way lifes supposed to be  
With your bridaled views and the life you choose  
You take the fun out of being  
and leave nothing to lose  
When is enough enough

When theres nothing left for me and you

When theres nothing left for me and you
