People worry about the pursuit of happiness
It's amazing the amount of time and energy they spend
When there's really only one approach
To the present psychological trend

Kiss me, kiss me, kiss me, baby
That's what I like
Hold me, hug me, pet me, baby
Oh, that's what I like

You don't have to give me
Clever conversation
I just want affection
Not an education

Kiss me, hold me, hug me, baby
That's what I like you to do
And love me, love me, love me, baby, too
Mmm, that's what I like, oh that's what I like

You don't have to give me
Clever conversation
I just want affection
Not an education

Kiss me, hold me
Hug me, pet me, baby
That's what I like you to do
And love me, love me, love me, baby, too

That's right, baby
