Woke up with my tear stained pillow on the floor again
Think I had a bad dream...'cause I think I had a hard
night

'Cause you know it's been a crazy life
So I jump into the shower and it feels like my whole
body's cryin' and it has been
'Cause I had a bad dream... and I think I really had a
hard night
'Cause you know it's been a crazy life
Yeah but that's alright, I don't feel sad
I look outside, the weather's not bad
I know these times are the best I've ever had

And I think I'm gonna be all right
I think I'm gonna do just fine
And I think I'm gonna be okay
I think I'm gonna make it through
This crazy life
This crazy life

Old lady walkin' cross the street,
I try to help her, but she pushes me away
And I think to myself she must be so scared.. and I
think she must be so tired
From livin' in this crazy life
Yeah but that's alright, I don't feel sad
Al look outside the weather's not bad
I know these times are the best I've ever had

And I think I'm gonna be all right
I think I'm gonna do just fine
And I think I'm gonna be okay
I think I'm gonna make it through
This crazy life
This crazy life

Now I'm not tryin' to hid what's real
I know sometimes you get a raw deal
But life is short and time is cruel
But I can't help seein' the glass half full

So I lay my poor, tired head on the pillow again and I
pray to God
Maybe we all can sleep well... and maybe we can dream
big
'Cause you know it's gonna be a crazy life
Yeah, but that's alright, now don't feel sad
Just look outside the weather's not bad
And know these times are the best we've ever had

And I think we're gonna be all right
I think we're gonna do just fine
And I think we're gonnaa be okay
I think we're gonna make it through
This crazy life
This crazy life
This crazy life
This crazy life
All right
