This ain't the kind of love I'd call predictable
In fact it's safe to say, it's unforgettable
There's absolutely nothin' stoppin' us
Girl, I've got my heart made up

That's how it's gonna be, no fears, no tears
No mountains we can't move
Just trust me, 'cause I'll be holdin' on to you
Forever faithfully, I personally guarantee
That's how it's gonna be

Well, I've seen how love can hurt, that ain't where it's at
We're gonna make this work, no, we're not turning back
This kind of passion, girl, it don't give in
That's how it's always been

That's how it's gonna be, no fears, no tears
No mountains we can't move
Just trust me, 'cause I'll be holdin' on to you
Forever faithfully, I personally guarantee
That's how it's gonna be

There's absolutely nothin' stoppin' us
Girl, I've got my heart made up

That's how it's gonna be, no fears, no tears
No mountains we can't move
Just trust me, 'cause I'll be holdin' on to you
Forever faithfully, I personally guarantee
That's how it's gonna be

That's how it's gonna be
That's how it's gonna be
That's how it's gonna be
