**(feat. Brandy)**

*[Intro - Timbaland - talking (echo)]*

Uh, ah, haha uh, ah

C'mon, *[harmonizing]*

What we got right here

Is that feel good music y'all

Uh, *[harmonizing]*, c'mon

*[Break - Brandy - w/ ad libs]*

When I'm chillin in my neighbor's shade

Watchin the ocean from a balcony

And I love the sound of the waves

And I love it like that, cause to me this is how I get away

*[Timbaland]*

Ha, so what you gonna do girl, what you gonna do

*[Chorus - Brandy - w/ ad libs]*

Outside with my TV on, cell phone on, the radio on

Cause I wanna get into the music

*([Timbaland:] I get into the music) (ho)*

Outside with my TV on, cell phone on, the radio on

Cause I wanna get into the music

*([Timbaland:] I get into the music) (c'mon)*

And it feel so good

It's like blood flowin to my veins

*([Timbaland:] It's like blood flowin to my veins)*

And it feel so good

It's like blood flowing to my veins

*[Timbaland]*

Alright now, let's take it to the bridge *[echo]*

*[Verse 1 - Timbaland]*

(Ho) It's Timbaland I'm back (uh huh ...)

with another one you can dance, so you can relax (woo,  
woo ...)

My music moves you wherever you at  
I play it loud, to move the crowd, I like it like that  
(c'mon, c'mon ...)  
I know you feel the vibe, from the club to your clothes  
and you'll still decide I love it  
Everytime I get 'em a ride  
I drop the top, turn the volume up and put it in drive  
Me and Aaliyah did +One In A Million+  
When Ginuwine dropped +Pony+ was the one that I'm  
feelin  
Hey, we havin a party, come through with your crew  
Turn up the feel good, do what you do

*[Chorus - w/ ad libs]*

*[Verse 2 - Magoo]*

Yeah, when I'm feelin lost and hurt, you can soothe my  
soul  
You was there for me, music  
I was goin out of control, 'til I heard Marvin Gaye  
"Now it ain't a mountain high enough, when time is  
rough"  
I turn to you, yeah  
Believe it or not, I learned from you, yeah  
All of my soul, I bear to you  
Your not a painkiller, but I think a snare'll do the trick  
And I just wanna lose myself in you  
I gained all my health and my wealth from you  
I started thinkin me and you was just a phase  
Now I can't count the days

*[Chorus - w/ ad libs]*
