The summer sun sets a vicious circus when shadows
held the world in

place

But today I felt a chill in my apartment's coolest place

"Fuggi Regal Fantasima"

The village larks cannot be heard 'cause all the crows
got panderers

I can't escape these velvet drapes, don't want my rings
to fall off my

fingers

"Fuggi Regal Fantasima"

The mirror I find hard to face

'Cause I fear it's a long way down

Got to get away from here, I think I know which
hemisphere

Crazy me don't think there's pain in Barcelona

They dance you 'round a waltz confound

But I fear it's a long way down

Even if that straw I pull and I got to fight that bull

Nothing really compares to Barcelona

Besides in Spain Don Juan's to blame

But I fear it's a long way down

And I fear I won't be around

Make sure I have all my papers laying out my summer
clothes

Search for traps in vain like scratching so my suitcase I
can close
