cigarettes and chocolate milk

these are just a couple of my cravings

everything it seems i like's a little bit stronger

a little bit thicker, a little bit harmful for me

if i should buy jellybeans

have to eat them all in just one sitting

everything it seems i like's a little bit sweeter

a little bit fatter, a little bit harmful for me

and then there's those other thing

which for several reasons we won't mention

everything about them is a little bit stanger, a little bit
harder

a little bit deadly

it isn't very smart

tends to make one part

so brokenhearted

sitting here remembering me

always been a shoe made for the city

go ahead accuse me of just singing about places

or scrappy boy's faces have general run out of town

playing with prodigal sons

takes a lot of sentimental valiums
can't expect the world to be your raggedy andy
while running on empty, you little old doll with a frown
you got to keep in the game
retaining mystique while facing forward
i suggest a reading of a lesson in tightropes
or surfing your high hopes of adios kansas
it isn't very smart
tends to make one part
so brokenhearted
still there's not a show on my back
holes or a friendly intervention
i'm just a little bit heiress, a little bit irish
a little bit tower of pisa
whenever i see ya
so please be kind if i'm a mess
cigarettes and chocolate milk
cigarettes and chocolate milk
