Laidback if she was summertime, chilled out if she was winter  
She moves me like the seasons, got 237 billion reasons  
to please her or tease her with kung fu tricks  
Without her chicks and her chaps we will never see the flicks  
So I'm bitter for better or for worse she's my sugah  
She'll have no litters, no wetters and no nursin' and no boogahs  
She's a solo kind of girl with 1000 different guys  
I want to be the one but I'm 999  
Why try to pursue her?  
I don't have the time to woo her  
And if I made her for my lady, that don't mean I would  
do her like Billy Milligan  
I got 23 different faces on this island I'm Gilligan (and  
Ginger?)  
I chases, no traces left she walks away clean from my  
attempts  
In her brain, her mind, her soul my presence is exempt  
She tempts me with a call when a kiss is what I need  
She wants to wear a necklace but not the better beads

If I was Chuck Norris, she'd be Bruce Lee  
If I was karate, she'd be Tai Chi  
If I was a nun chuck, she'd be a Bo  
And if I was Liu Kang, she'd be as cold as Sub Zero

Coudja wouldja won'tcha be my ninja  
You make me so hot ya best step back before I singe ya

We fight more than we make up  
Will my logic ever wake up?  
Maybe love is a hobby I shouldn't've ever taken up  
But once she spoke up, I choke up, and swing at the  
curveball she  
threw me n' spit out like gum before she even chewed  
me  
I get nervous and sweaty to see her smile  
How vile of me to think I own 'er  
Just cuz I was with 'er people asked me "Didja bone

'er?"

Can't phone her, can't touch her, can't see her, I'm  
alone with my fears

And who's she with?

Am I the one she's always thinking of when she met  
another long hair?

She was gone in the blink of a VCR clock

With her it's always 12:00 a.m.

And if she ditched me for a dork could I even try to slay  
them?

No way, I'm played out like a Sony Playstation

My body's hard at work but my mind is on vacation

So right now I'm as weak as the shrimp in the sea

I rewrote my lyrics so that I could sing this stupid part

Ninja Gil kicks hearts for free

Trying not to get sucked in by a sweet smell,

just in case you don't like the taste

But I can't deny it, I'm a sucker for a pretty face...

Why'd you have to go kick me?

I said Ninja Gil rips heart for...

What's up with the Ninja Gil?
