"Safety Train"

Come on, move it along
nothing to see here
This railroad's for animals
nothing but pigs, you're too clean
Hit run...not pretty enough
build your own house
Here's some dirt, be a dear
go to another station
or better yet,
stay in the middle where you belong
turning the process into a song

Held my breath
finally hopped a train
Hoping it would derail

Not exactly, not at all
trying to relate
but it's a half-baked head shake
In the middle of the road
and there's no hits here
maybe the safest highway known

Can't believe that time can't stop this train
Born and bronzed, thought we'd float along
Never thought we'd need a home, we're animals
They said vegetables;
you want butterflies

Not exactly...not at all
in the middle of the road
Not exactly...not at all
maybe the safest highway known
