Things are gonna change  
Cars they're gonna move  
Leave those worries on the dashboard  
But it's all circles, a smile and a frown connected at the  
ends  
I'm alive and well  
I'm awake and on time  
With my guts in the trunk, with my guts in the trunk

We've got no choice but to move  
Getting pulled over gives me something to do  
One day I'll own an aeroplane  
Leave an hour early, sing through the work day  
Got no place to be anyway  
Got no place to be anyway  
Blood on the blacktop saves the day

At this speed  
(red skies remind me that)  
At this speed  
(I run to win and then come walking back)  
At this speed  
(it's a short road)  
At this speed

Give me time, give me space, to spend my last  
paycheck on you

Things are gonna change and it's the lights that do  
So where's my memory now?  
Oh well, gotta keep on goin' in circles, saying nothing
