Primer for a broken door
In a moment
Let's say things that weigh us down
And in the morning
Let's get prepped for Hollywood
And if you're happy...

Give us drinks we'll act like monsters
Big tips from the truest opportunists
Crawling up from the deepest stomach
(But keep it quiet)
We're not like those modern types
We highlight dreadful things

We've got it all
On the floor
We'll sweep it up
'til it disappears tomorrow
All the guys and gals look forward to Saturday night
And melting on Sunday
We're not like those modern types who don't get angry
We highlight dreadful things
