"Not Yet Gone"

Visit "[Not Yet Gone](#)" on MotoLyrics.com

Spin the wheel, shake my chains
I can feel new blood in my viens
They thought we had passed on
Now they'll see we are not yet gone
Up and down the street, it's all over town
Trouble is afoot, we are still around
Tell my friend, Forest Lawn
Sell that plot, we are not yet gone
They think if they just close their eyes
We'll go away
Too bad they just don't realize
We're here to stay
I see you, I see me
Years from here down this road we're on
Everywhere on Earth, down in Babylon
Forces are at work, we are not yet gone
Minutes fly, days go by
Years pass on, we are not yet gone
Oh no, not yet gone
Oh yeah, still around
