Feelings are confused in my head
but i will go on positively
I won't cry on myself
Cause i'm not a middle Class Kid!

Get your opinion cause i 've got my own
Sadness is not a crime but it's not my way of life

Waste your time crying on you
Tears are like a gun in hand
I don't want to be like you
Cause my future is in my hands

Get your opinion cause i 've got my own
Sadness is not a crime but it's not my way of life (x2)

Make you choice and reject this easy solution
I won't be blind no more I'm ready for action
Be yourself and fight for your opinions
Don't follow the emotionnal fashion

Get your opinion cause i 've got my own
Sadness is not a crime but it's not my way of life (x2)
