Visual basics, contagious criminal phrases  
Rock penalizes sagacious for minimum wages  
Found spirits of hatred on pitiful faces  
In cages, locked in a digital matrix  
Dance with the devil level lyrics in basements  
Original slave-shit, my syllables're racist!  
Taste this embrace the physically shapeless  
Venoms on pavements, how I'm mimicking Jason.  
Rhythms of cavemen in this critical ages  
They're living on spaceships,  
we're in middle of snakepits!  
Faithless cutting with scissors & razors  
The Wizard on faders literally crazed this.  
Amaze kids how I chase riddles on pages  
Subliminal, sacred, caves lit.  
Blaze these jewels to rock & roll  
For old forgotten souls to scold the Ghetto-Gold.  
Hold my pain, my mind empties a clip  
Rent me a whip with two bags of sensei to spliff  
Yo, my life's nothing but an envious bitch ...  
So, how the fuck could you hate me for this.

This Gangsta chronicles feeds minds of  
honourable breeds  
Documents read the peace with  
hypnotical ease  
Anybody who pleads for more  
vulnerable needs  
Drop to your knees, words of  
Muhammad will breathe  
With unstoppable speeds atoms  
and molecules bleed  
Behind that Hollywood creed,  
the diabolical greed...  
This is beyond narcotics and weed...  
Beyond vile demonic conceit!  
I pen rhymes on tropical leafs before I hop on them  
beats  
Popping the heat, mystique my knowledge is deep.  
Swallow the grief, empty V-bottles with freaks,  
Biographies teach on dusty sorrowful sheets!

The Sodom's defeat among King Solomon's seeds  
Yo honestly B: what happened to the Mark of the Beast?  
Following cheez your neighbourhoods' prophet's  
believes...  
Ya turn your back to topics like these.  
Apocalypse speaks, read a neurotic disease  
My solid techniques will hit the rock-bottom for weeks  
Poli with peeps, rep the slums boroughs & streets  
The God is unique, putting mad Body's to sleep  
Hard to compete: THE STATE OF THE ART will repeat

Chorus: Repeat.
