How easily forgotten  
how easily replaced  
your loved ones become...  
We are the wreckage strewn behind you  
love's own casualties  
from the battle that you won

You could not wait  
to fly your flag  
you could not wait  
to raise the man in victory

I know you hate  
to be mistaken  
for the woman  
of just an ordinary man...  
To be the lover  
of some ordinary man

I'm down on my knees  
I'm crawling across the floor to you  
I'm holding out my hand  
God I do not understand  
why I'm down on my knees

Now I'm troubled by your silence  
I'm troubled that you no longer dare  
to lay with me under the night stars  
or walk unhindered on your own two legs

You could not wait  
to lose your new freedom  
You could not wait  
to carry your new chains  
I know you hate  
to keep him waiting  
so you'd better  
drag yourself back to him again  
Away from an ordinary man

I'm down on my knees

I'm crawling across the floor to you  
I'm holding out my hand  
God I do not understand  
why I'm down on my knees  
Down on my knees

I wanna feel alive  
I wanna feel awake  
I wanna feel anything and everything  
to make these night stars go away  
I wanna feel alive  
I wanna feel awake  
I wanna feel anything and everything  
this world will let me taste

I wanna see you cry  
I wanna see you break  
I wanna see you crash into the walls  
of your own infamy

Just an ordinary man

I wanna feel anything and  
everything

I'm down on my knees  
I'm crawling across the floor to you  
I'm holding out my hand  
God I do not understand  
why I'm down on my knees  
Down on my knees  
Yes I'm down on my knees  
I'm crawling across the floor to you  
I'm holding out my hand  
God I do not understand  
why I'm down on my knees  
Down on my knees
