Silver linings are for someone else's cloud
yours have lately been all grey
I know your dreams and they've seen their better days
some of us who live have higher tolls to pay

Why have you brought me this angel here

Are you alive, ah come on look at me
I know you're in there, just open your eyes
I know you're alive
oh but you just might not want to be
I can hear you breathe just open your eyes
hope is a stain on someone else's soul
despair sustains your soul
you waste your days, let them slip away
hard to hold on when there's nothing left to hold

Are you alive ah come on look at me
I know you're in there
just open your eyes
I know you're alive
oh ya just might not wanna be
I can hear you breathe
just open your eyes

I want you to know I've never been far away
there's nothing to be said can't be undone
you're all I have so please don't go away
there's nothing that you've said that can't be undone

Are you alive
ah come one look at me
I know you're in there
just open your eyes
I know you're alive
oh ya just might not wanna be
I can hear you breathe
just open your eyes
