Wish I could blame this on your youth  
but that would only make a martyr of the truth  
I chose to see only the beauty in your eyes  
never the shame, never the lies

Wish I could blame this on the sun  
I never seem to be the chosen one  
Just a glimpse and you were gone  
This place without you seems all wrong

Wish I could call you on the phone  
Wish you happiness  
wherever you call home  
Wish this night wasn't so dark and mean

I wish you'd see me when you dream

These are the days that won't let go  
This is the shame we're not allowed to show  
This is the anger from inside  
These are the days that will not die

I wish these thoughts of you would end  
I wish that someday you could learn to be my friend  
I wish I'd never kissed your face  
I wish these thoughts to be erased

I wish that someday you might find  
A little love, a little peace of mind  
I wish that I don't fall apart  
I wish that you'd still hold me in your heart

These are the days that won't let go  
This is the shame we're not allowed to show  
This is the anger from inside  
These are the days that will not die
