You're not allowing me to breathe  
the man said  
I've no room to move  
and all of this discussion  
is ringing in my head

This is not an issue of love  
no not anymore  
she said it's a matter of your freedom  
which really means  
me watching you walk through that door

Freedom for you to roam  
the earth and the seventh seas  
freedom to leave your child  
no don't look at me please

I know I ain't as pretty  
as the day we met

Our bed it ain't as warm  
but I've got love for you still inside of me yet  
love for you, still inside of me yet
