### "The Last Light"

We sit one on one as the night time comes  
Stars set in as the last light runs  
Something dark had befallen here  
And what it is ain't exactly clear  
And we whisper and we pray for this to go away

Stars light your eyes in an emerald fire  
The only witness as this night transpires  
A dark like this we've never seen before  
We reach for the light that's beyond the door

Is there something to be said to make this go away  
Can't we just hold on to us to make this go away

I don't want you to leave I don't want you to go  
I give you the last light in my eyes  
And the last light inside of my soul  
I don't want you to leave I don't want you to go

Words clench the air like an iron vice  
And shows no mercy in exacting it's price  
But I've got a secret that I've saved for last  
We can send these sorrows back into the past

Is there something to be said to make this go away  
Can't you look into my eyes and make this go away

I don't want you to leave I don't want you to go  
I give you the last light in my eyes  
And the last light inside of my soul

Take this gift from me  
Take this gift and you'll know  
I give you the last light in my eyes  
and the last light inside of my soul  
I don't want you to leave I don't want you to go  
I don't want you to leave I don't want you to go
