"To Share A Dream"

Are you looking for a best friend
are you needing a change of scene
maybe someone to have and hold
are you wanting to share your dream

I stand on the steps at Monmarte
want so much to make you a part
of all that is and all of this
I want to share my dream

I love how you get excited
when I walk through the door
the quiet whispers in my ear
of how you never felt so loved before

We've go so much to live for
so many things knockin on our door
together nothing is out of reach
when your sharing you dream
