I got something to say  
I've been looking your way  
I get the feeling I could use anything, lose everything  
Just to make you stay

Never knowin' I could feel  
You come and break my seal  
Don't ya know that I could lose everything, use anything  
Just to make you real

Got you all in my mind  
Got you under my skin  
Don't ya know that I would use everything, prove  
anything  
Just to let you in

Now I'm startin' to sweat  
I'm shakin' inside  
I'm willing to break anything, take anything  
Just to watch you ride

You are my wrench  
You've got my pride  
You got all the tools to break me loose inside

You are my wrench  
You got my soul  
You got all the tools to make me lose control

Wrench...

I've never fallen so hard  
I've never sunk so low  
Never knew this could break a part of me, be the start  
of me  
Come and make it so

We got nothing to lose  
I got nothing to hide  
Got a feelin' you're just the woman to dig a tunnel  
through

Open me inside
