Woke up this morning wondering what I should do
lately it seems all I think of is you
last night when you kissed me
I thought that my heart might explode
I'm so afraid to let you know how I feel
seems like a dream don't know if it is real
I should be careful do my best not to let it show
in times before I move too fast
but this feeling inside makes it hard to relax
and I almost lose my breath imaging you
Dancing, dancing in my heart for you
it's only the beginning of what I'm going to show to you
there are rainbows to make you happy when you are
feeling blue
cause I'm dancing, dancing in my heart for you
you came along at the perfect time I've been lonely
and I'm starting to think that I want someone around
If I find out that you feel like I do
I might just give in let myself fall for you
but I have to be sure that your willing to never give up
in times before I move too fast

but this feeling inside makes it hard to relax

and I almost lose my breath imagining you

Dancing I'm dancing In my heart for you

it's only the beginning of what I'm going to show to you

there are rainbows to make you happy when you are
feeling blue

cause I'm dancing , dancing in my heart for you
