The love of a boy  
Can change a girl  
Into a woman  
(Woman, a woman)

I know that it's true  
(Know that it's true)  
My love for you  
(My love for you)  
Made me a woman

Once I was only a girl  
Young and afraid  
You came to me  
And you gave me love

What a difference you made  
The love of a boy  
(Love of a boy)  
Can change a girl  
(Can change a girl)  
Into a woman  
(Woman, a woman)

With just one caress  
(Just one caress)  
Your tenderness  
(Your tenderness)  
Made me a woman  
Made me a woman

You are faithful and true  
Love burning deep in my heart and soul  
And it's only for you, my true true love
