Teach the boy ecology, freedom and Ideology
Teach him truth and poverty; tell him why and how
heâ€™s free
Teach him about the heavy fines, prices paid in warring
times
Teach him why the baby cries; let him follow his own
light
You and I one by one â€œ Wake Up to Love
Whatâ€™s it gonna to take before enoughâ€™s
enough

Tell him about the ravaging, the dead and gone the
suffering
That serpent slowing rising, to oversee our dying
Teach him about the world war three, what drugs have
done for you and me
That ozone swiftly burning through, everything God
gave us me and you
Wake Up to Love - Loveâ€™s the only answer now â€œ
Wake Up to Love
Unify our state of mind, soldiers of the mirror blind -
Wake Up to Love

Your important to me, I love your mountains high, I love
your rivers wide
You got the right to be free, just open up your eyes,
keep em open wide

You and I one by one â€œ Wake Up to Love - Whatâ€™s
it gonna take before enoughs enough
Do or die let love survive â€œ Wake Up to Love â€œ
Soldiers of the mirror blind - Wake Up to Love
You and I one by one â€œ Wake Up to Love â€œ
Whatâ€™s it gonna take before enoughs enough
Do or die let love survive â€œ Wake Up to Love â€œ
Soldiers of the mirror blind - Wake Up to Love
One in mind and one in heart, whatâ€™s it gonna take
before enoughs enough
Unify our state of mind; Loveâ€™s the only answer now
- Wake Up to Love
You and I one by one, whatâ€™s it gonna take before

enoughs enough
