I guess you had no idea that you could have persuaded
me

Girl you could have had me doing anything you
pleased

Know you should have took your time and thought of
what to say to me

Cus I'm not as hard as I make it seem to be

And it could have went so many ways, so many ways it
can go

Cus aint nobody feels the way that I feel when I'm alone
So if I said that I won't call then that could come natural
to me

You probably could have had it all you could have been
that lonely star

If we just went on

If we just went on (oh yeah)

If we just went on

If we just went on

Happiness exists, when you don't know a thing

So I hope you don't think this song is about you...

And only I can know, how close you came...

But baby I'm a pro at letting go. I love it when they
come and go

But it could have went so many ways, so many ways it
can go

Cus aint nobody feels the way that I feel when I'm alone
So if I said that I won't call then that could come natural
to me

You probably could have had it all you could have been
that lonely star

If we just went on

If we just went on (yeah)

If we just went on

If we just went on

If we just went on (oooh baby)

If we just went on

If we just went on (oh yeah)

If we just went on (oh yeah)

Yeh!
