Don't ever be afraid to let me know how much you love me

I want to be right there beside you whenever you want me, oh yeah

And for you I'll do whatever brings you pleasure

And all of the joy I'd bring to you could not be measured

And if you could only tell me that you love me

It would make me feel secure to know your love for me was sure

If you love me

Why don't you tell me?

If you need me

Why don't you let me know?

Darlin' relax your fears, go on and shed a tear it's okay

I know you're masculine, go on be sensitive around me

Because for you I'll do whatever brings you pleasure

And all of the joy I'd bring to you could not be measured

And if you would only tell me that you love me

It would make me feel secure to know your love for me was sure

If you love me

Why don't you tell me?

If you need me

Why don't you let me know?

If you love me

And why don't you tell me?

If you need me

Why don't you let me know?

Let me know what you need my baby

Let me know what you want my baby

Don't be afraid to say you love me, oh don't be afraid

'Cause it would make me feel secure to know

Your love for me was sure if you love me

If you love me

Why don't you say it, say it?
Why don't you tell me? It's alright
Why don't you say it, say it?
Why don't you say it? Oh tell me
Tell me that you love
If you love me
Why don't you tell me?
If you need me
Why don't you let me know?

If you love me
Why don't you tell me?
If you need me
Why don't you let me know?

If you love me
Why don't you tell me?
If you need me
Why don't you let me know?
If you love me
