No not another lonely night  
Knowing that you love me  
Doesn't make it right  
So I'm asking for one thing  
To fulfill my dream

What a lovely evening it will be  
What a lovely evening it will be  
If it's only you and me

I'll set the mood perfectly  
So intensely romantic  
I'll love you endlessly  
If you give me one night distraction free

What a lovely evening it will be  
What a lovely evening it will be  
If it's only you and me

And if I could have my way  
Our lovely evening would be today  
Why don't you take me there

There's no way I'd hesitate  
When you call to make a date  
I'll be right there waiting and willing  
For your loving arms

What a lovely evening it will be  
What a lovely evening it will be  
What a lovely, lovely, lovely, lovely  
Lovely evening it will be  
If it's only you and me

Want to say it again yeah, yeah, yeah, yeah  
What a lovely evening it will be  
What a lovely evening it will be  
What a lovely evening it will be  
If it's only you and me

You and me, you and me  
Together all day, [Incomprehensible]

You and me can be together for eternity, yeah, yeah  
When you call, I'm gonna answer  
I'll be right there waiting and willing  
With open arms

I wanna love you, I wanna give you what you need  
So baby, hold me, let your love control me  
Squeeze me, don't tease me  
I don't wanna be lonely, not tonight  
Everything's gonna be alright, tonight  
You and me, that's the way it should be  
So lovely, come on, so lovely, so lovely
