Time after time, when we're together
I tell you I love you now and forever
You're doing me wrong
But there's nothing I can do

We've been through days
Where nothing would go right
In your arms, you're holding me so tight
Please, won't you let me come into your heart?

We would make love through raining weather
And go to the movies and laugh together
Please, won't you see girl
What you're doing to me?

Girl, why don't you just understand
Why I've got to be your man?
Why don't you let yourself go?
Don't you know?

Girl, girl, girl
Girl, girl, girl
Girl, girl, girl

...

Time after time, my feelings get so hurt
It will take both of us to make our love work
I'll give you love
If you just give me a chance

Once in your life see that this is real
Will it be pain and sorrow that I feel?
If this is love
Won't you see it through my eyes?

Remember the days
When we would just hold hands
Holding and kissing in the warm sand
Those were the times when I knew you cared

Girl, why don't you just understand
Why I've got to be your man?

Why don't you let yourself go?
Don't you know?

Oh, girl, here I'm dialing your number
Sometimes I really don't know
How you're feeling about me?
But I want you to know
How I'm feeling about you

Girl, why don't you just understand
Why I've got to be your man?
Why don't you let yourself go?
Don't you know?

Time after time, when we're together
I tell you I love you now and forever
You're doing me wrong
But there's nothing I can do

Girl, girl, girl
Girl, girl, girl
Girl, girl, girl
