So outta reach so far away  
Another's woman and can't keep away  
Can't be alone wastin' all of my time  
I'm in pain, I'm in heartache  
It's gonna end up in a heartbreak  
And no one knows how to make it alright

I've seen love before  
I can't take this anymore  
Someone's losin' her heart

She's got the lovin' that gives me peace of mind  
I'm still here waitin' for her to see the light  
It would be so good, be so fine  
Give me the love that you know is mine  
It would be so good, be so fine  
Let me know when your heart is mine

To love a brother, to love another  
To have a friend you can count on forever  
How can you tell him his lovin' is mine

She's got the lovin' that gives me peace of mind  
I'm still waitin' for her to see the light

Search my soul  
T'find out wrong from right  
All I know  
I'm alone tonight

I know I outta try to leave it  
I know I should  
But my heart needs to keep her

I got to tell her  
I can't wait no more
