Well the times are getting hard for you little girl
I'm a hummin' and a strummin' all over God's world
You can't remember when you got your last meal
And you don't know just how a woman feels

You didn't know what rock and roll was
Until you met my drummer on a grey tour bus
I got there in the nick of time
Before he got his hands across your state line, yeah

Now it's the middle of the night on the open road
The heater don't work and it's oh so cold
You're lookin' tired, you're lookin' kinda beat
The rhythm of the street sure knocks you off your feet

You didn't know how rock and roll looked
Until you caught your sister with the guys from the group
Half way home in the parking lot
By the look in her eye she was given what she got

My my my I'm once bitten twice shy baby
My my my I'm once bitten twice shy
My my my I'm once bitten twice shy baby

Woman you're a mess, gonna die in your sleep
There's blood on my amp and my Les Paul's beat
Can't keep you home, you're messin' around
My best friend told me you were the best lick in town

You didn't know that rock and roll burned
So you bought a candle and you lived and you learned
You got the rhythm you got the speed
Mama's little baby likes it short and sweet

Chorus

I didn't know you had a rock and roll record
Until I saw your picture on another guy's jacket
You told me I was the only one
But look at you now it's dark and you're gone

Chorus
