It's just another morning glory,
One more twist inside of this wild ride
Another chapter in the story
But i can't hide the way i feel inside...

Cause i'm a stranger in a strange land
And i'm a million miles from my home
If i gotta take my last stand

Well, i won't stand alone
Well, i won't stand alone
Well, i won't stand alone
Well, i won't stand alone
Well, i won't stand alone
Well, i won't stand alone

Cause i'm a stranger in a strange land
And i'm a million miles from my home
If i gotta take my last stand

Well, i won't stand alone
Well, i won't stand alone
Well, i won't stand alone
Well, i won't stand alone
