Heard about my past
Things i used to do
The games i used to play
the girls that didnt last
i know whats on your mind
you think im doin wrong
can i say what is real
you are the only one
when im not around
do you think im me
or what the jealous ones
are claiming me to be
you should know by now
that its gonna take
a lot of trust from you
for us to make it through

{bridge:}

you should know baby your my angel
nothings gonna make you fall from heaven
girl i just want to love you love you

dont listen to what people say
they dont know about (bout) you and me
put it out your mind cuz its jealousy
they dont know about this here
dont listen to what people say
they dont know about (bout) you and me
put it out your mind cuz its jealousy
they dont know about this here

girl lets talk about
what your friends told you
that im a selfish man
want my cake and eat it too
maybe in my past
but you changed me now
now that i want to love
its you who showed me how
your love so real
id be a fool to play

play around on you
i want to stay with you
you should know by now
thats its gonna take
a lot of trust from you
for us to make it through

{Bridge:}
you should know baby your my angel
nothings gonna make you fall from heaven
girl i just want to love you love you

dont listen to what people say
they dont know about (bout) you and me
put it out your mind cuz its jealousy
they dont know about this here
dotn listen to what peaple say
they dont know about (bout) you and me
put it out your mind cuz its jealousy
they dont know about this here

(repeat)
