Hey, whaddya sayin'?
Just chillin'

This is for all the ladies
This is for all the ladies
This is for all the ladies
This is for all the ladies

Hey yo check it
So ladies
Why don't you have all my babies?
It's doggy style but I don't have rabies
I'm like the sun when it's rainy
Comin' through in my Mercedes

'Cause will it ever stop
I don't know,
I just grab hold of the mic and say no,
Always on top
I stay dope
I keep my cue chalked up
'Cause this is for the ladies

Ladies
This is for all the ladies
This is for all the ladies
This is for all the ladies

I got mad scars
Drive really fast cars
Always hustling
Never busking
I'm a lust king
Take the words right from your mouth
Spit 'em back at you
Yo, it's detrimental to health

That's all I'm sayin'
Is that I'm really really cool
Yo you understand me
'Cause I understand you

Yo fellas, don't get jealous
Yeah we like you too
But ladies, this one's for you

One, two, fuck you
One, two, fuck you
One, two, fuck you
One, two, fuck you
One, two, fuck you
One, two, fuck you
One, two, fuck you
One, two,

Girls nude.
Awkward!
Titties, oh my god
Titties, oh my god
Ass!

Ladies
This is for all the ladies
This is for all the ladies
This is for all the ladies

Ladies, lay me
Ladies, lay me
Ladies, lay me
Ladies, lay me
L.A.D.I.E.S.
L.A.D.I.E.S.
This is for the ladies,
this is for the ladies
