Once there was love and I was a fool
Once there was us but it was all about you
I was too blind to see it
Then I woke up and I came down
It was only a dream cause you were not around
(not around not around)
you had me feeling I was crazy
ohh with out a doubt
baby

Every time you sold me one of yours lies
and every time you can not look in my eyes
you told me what I knew ohh baby
casue every time you though I would be true
but every time you played around I did to
baby now I guess the jokes on you

Once there was trust now theres no more
enough is enough I am walking out the door
don't try to stop me baby
it could have been good, it could have been right
it could have been me always by your side
ohh right by your side right by your side
but now youll never have this love again
and I Im feeling sorry for ya
Baby

Every time you sold me one of yours lies
and every time you could not look in my eyes
you told me what I knew ohh baby
casue every time you though I would be true
but every time you played around I did to
baby now I guess the jokes on you

Love was is all I need but no
you couldn't give enough
no way no its time for you to watch the show
hows it feel knowing I did you worng (oh baby)

Every time you sold me one of yours lies
and every time you could not look in my eyes

you told me what I knew ohh baby
casue every time you though I would be true
but every time you played around I did to
baby now I guess the jokes on you
