Prince Charming can you rescue me
Are you real can you make me feel
Feel unreal

Prince charming
Oh e o ah oh
Prince Charming

He rides a great white horse
not a greyhound bus
He's a gentleman
Not a hip-hop thug
See him in my dreams
Hate when I wake up
Still holding on
People think I'm nuts
But soon he'll come and call for me
And take me from reality

Prince Charming
can you rescue me
Are you real
can you make me feel
Feel unreal
Prince charming
I believe in you
Fairy tales can come true
so I will wait for you

Prince charming
Oh yeah oh ah oh

Tell me how ill know
Dose he wear a crown
Have you found him yet
He must be out of town
hung little bull
Body like a rock
likes to serenade
mabe even smart
And I will wait for just one kiss

the poison soon right from my lips

Prince Charming can you rescue me
Are you real can you make me feel
Feel unreal
Prince charming
I believe in you
Fairy tales can come true so I will wait for you [repeat
2x]

Ohh yeah oh ah oh

Can you rescue me [4x]

Prince William where you at, where you at
Matt Damon where you at, where you at
Kobe Bryant where you at ,where you at
Romeo where you at where you at
Romeo where you at where you at
Leo Dicaprio where you at where you at
Sisqo where you at where you at
Romeo where you at where you at

Prince Charming can you rescue me
Are you real can you make me feel
Feel unreal
Prince charming
I believe in you
Fairy tales can come true so I will wait for you [repeat
2x]

Romeo where you at where you at [3X]

Prince Charming can you rescue me
Are you real can you make me feel
Feel unreal
Prince charming
I believe in you
Fairy tales can come true so I will wait for you
