The man who made the movies  
About monkeys and God  
Wants all the boys and girls  
To be packin' a rod  
He thinks the world will be a better place  
If everyone out in the human race  
Carry the equipment that'll keep 'em safe  
With just one little flaw  
You gotta worry bout those crazy kids with the quick  
draw  
While you're praying to the man who made the movies  
about monkeys and God

Yeah yeah  
Alright  
Yeah yeah  
Alright

Wake up in the morning  
Smell that San Francisco air  
I know it's gonna be a good day yeah yeah  
Walk around without a care  
Golden gates embrace me  
Yeah it really has it all  
A perfect day awaits me  
With just one little flaw  
You gotta worry bout those crazy kids with the quick  
draw  
While you're praying to the man who made the movies  
about monkeys and God

Oh yeah  
Alright  
Yeah yeah  
Oh yeah yeah  
Ooo...

The man who made the movies  
About monkeys and God  
Wants everyone packin' in the USA  
He smiles wide to applause

Now we're all gonna get our way  
Now we're all in charge of judgment day  
Now we get on our knees to pray  
With just one little flaw  
You've got to worry about those crazy kids with the  
quick draw  
While you're praying to the man who made the movies  
about monkeys and God  
Oohh...  
Praying to the man who made the movies about  
monkeys and God  
Oohh...  
Praying to the man who made the movies about  
monkeys and God  
Yeah yeah yeah yeah yeah  
Praying to the man who made the movies about  
monkeys and God  
Praying to the man who made the movies about  
monkeys and God  
Alright  
Yeah yeah  
Goodnight...
