Broke Jennifer's Window
I don't really know the reason why
It's just how my mind goes
I wondered how she'd reply

From someone to zero
Let all of the flowers die
It's funny how plans go
Spaceships fall out of the sky

Is it true?
About you?
About you and the things you do?
Is it true?
About you?
About you?
About you?

I'm watching the wind blow
I'm watching the days go by
Broke Jennifer's window
I'm watching the world wave goodbye

Is it true?
About you?
About you and the things you do?
Is it true?
About you?
About you?
About you?

Broke Jennifer's window
Don't really know the reason why
Broke Jennifer's window
I wondered how she'd reply
