I get sick in the morning  
When I realize my dreams aren't coming true  
It's like a trick in the morning  
When I look around and see this empty room  
I get sick in the morning  
When I think of all the time lost without you  
Sick in the morning  
I wonder what the hell I'm gonna do

Burned out on fries and chips and I  
Torched all relationships and I  
Can't seem to find a job and I'm  
Not mad enough to join a mob

Good ideas evaporate  
Through the years  
Good ideas evaporate  
Through the years

I get sick in the morning  
When realize my dreams aren't coming true  
It's like a trick in the morning  
When I look around and see this empty room  
I get sick in the morning  
When I think of all the time lost without you  
Sick in the morning  
I wonder what the hell I'm gonna do

Lost all the friends that kept me glad  
Can't shake the ones that keep you sad  
No cash to spend on stupid things  
Reach now for cigarettes not dreams

Good ideas evaporate  
Through the years  
Good ideas evaporate  
Through the years

Good ideas evaporate  
Through the years  
Good ideas evaporate

Through the years

I get sick in the morning  
When I realize my dreams aren't coming true  
It's like a trick in the morning  
When I look around and see this empty room  
I get sick in the morning  
When I think of all the time lost without you  
Sick in the morning  
I wonder what the hell I'm gonna do  
I wonder what the hell I'm gonna do  
I wonder what the hell I'm gonna do  
I wonder what the hell I'm gonna do  
I wonder what the hell I'm gonna dooooo
