Suddenly there's a shadow on a nation.

Suddenly it's a changing situation.

Fear is on the face of every tiger as the jungle grows.

Suddenly people running never walking.

Nobody wants to know, nobody's talking, but rushing
through the air.

I Feel the wind of change about to blow.

A. Watch out tonight, the dogs are down in action city.

They're out tonight, there's trouble down in action city.
[End A.]

Watching the police running from the station.

Suddenly flashing lights and confrontation.

The devil walks the streets just as the flames of hell
begin to grow.

[Repeat A.]

It's a brave new world, it's a brave new world.

Such a brave new world.

Well I don't know where it's going

But it's heading for some changes I know.

People are wondering why there's such confusion.

There is face of youth with disillusion.

Don't look for the reasons, they were sprayed on every
wall I know.

[Repeat A.]
