after school ???? loose ???? sounds

She's gotta go where the young ? hang around.

And it looks alright when ????find??? she's
screamin/dreamin, dreamin.

And there's no disguise when you look in her eyes
she's scheming.

R. She's thinking about the boys. (3)

There in the dark he starts to touch her hair.

???????around but right now you don't care.

Well you just ???????? holding you tight ??? feeling,
feeling.

Well he looks so good and he's making it so a feeling.

R. She's/I'm thinking about the boys. (3)

Circling round she goes to make a kill?

Watching her move the world is standing still.

Coz' it good to ride when ???????? screamin,
screamin/dreamin.

And there no disguise when you look in their eyes,
she's scheming.

R. She's thinking about the boys. (3)
