Well he was Thailand based

She was an airforce wife

He used to fly weekends

It was the easy life

But then it turned around

And he began to change

She didn't wonder then

She didn't think it strange

But then he got a call

He had to leave that night

He couldn't say too much

But it would be alright

He didn't need to pack

They'd meet the next night

He had a job to do

Flying to Cambodia

And as the nights passed by

She tried to trace the past

The way he used to look

The way he used to laugh

I guess she'll never know

What got inside his soul
She couldn't make it out
Just couldn't take it all
He had the saddest eyes
The girl had ever seen
He used to cry some nights
As though he lived a dream
And as she held him close
He used to search her face
As though she knew the truth
Lost inside Cambodia
But then a call came through
They said he'd soon be home
She had to pack a case
And they would make a rendez-vous
But now a year has passed
And not a single word
And all the love she knew
Has disappeared out in the haze
Cambodia - Don't cry now - No tears now
And now the years have passed
With not a single word
But there is only one thing left
I know for sure
She won't see his face again
