All the time I try to reason with you.

But I just can't seem to make you understand.

Nothing seems to ever really get through.

Can't you feel emotions like any other man.

A. You never cared for anyone (anyone).

You never cared for anyone (at all).

Any love that you've ever given me,

you only gave me for your ego. [End of A.]

Look at how you wanted all of my tears

any time you felt you needed security.

All the nights you left me out of my own.

That's the thing you just can't give back to me.

[Repeat A.]

Your only plan it seems is look after number one.

You just can't comprehend what it means to love
someone.

Stay away! Get lost! Get out of my life!

Can't you see the changes now and at last I'm free.

Any plans I have just don't include you.

And that's the one thing you won't take from me.

[Repeat A.]

Every time I tried to reason with you,
but it seemed that I never made you understand.
Nothing ever seemed to ever really get through.
Can't you feel emotions like any other man.

[Repeat A 2 times
