Over, over over, is it?)

Well there's a rumour out, have you heard anything?

And if you ask me now, will I answer your question?

In your eyes, I could hear you

Chorus:

Is it over, is it over (or has it just begun)

Is it over (or has it just), is it over (or has it just begun)

You never thought it would get to this

And now you're sick with love, do you think I can heal
you?

In my mind, I still hear you

(chorus)

If I thought I was part of you, I would beg you to stay

But I can't live my time in this world with the feeling this
way

Is it over, is it over (or has it just begun)

Is it over, is it over (or has it just begun)

And so you ask me now, have you done anything

And when you're reaching out, do I still wanna hold you

In my mind, I can hear you

(chorus repeats out)
