Janine, what's going on? Janine, I know that something
sure is wrong

There's lights out on the road and they're searchin' for
you

Janine, life wasn't fair, oh Janine, when you got home
and no-one cared

But running from your life, you let the vultures get
through

And they feed on you, they feed on you

So what you gonna do when the lights burn out Janine

What you gonna do when the light burns out - hey

Janine, you want the truth, Janine, you'll find the
pressure's now on you

You wanted all the world, but they've taken it all

And they're bleeding you, they're bleeding you

So what you gonna do when the light burns out Janine

So what you gonna do when the light burns out - hey

Heh Kid, don't hesitate, don't stick around now, I bet
you can hardly wait

Oh what a time I'll give to you, but it's never true

Janine, you'll soon be there, my Janine, you're on a wing
and a prayer

But Angels love their own and they're reaching out for
you

Janine, oh Janine, Janine, my Janine, Janine... (to fade)
