Now, really what a day, I never thought to seeing you here.

Funny how it goes never thought to see you fall.

??? down on love Now I can see it all

Do you take a train...Do you take a train to nowhere,

Breathing on the the phone ???

So you remember ? Now I don't need you at all.

A. R. You're just another guy.

You just another lie. (2)

Out in the ??????? [End of a.]

??? shot ??? hearts where knowing

It's really shame heart show

There's no big deal ??? I know.

[Repeat A.]

Gotta say goodbye, gotta catch a train to nowhere.

I didn't wanna love, I didn't wanna come on strong.

??? there's no big scene hanging around.

[Repeat A
