R. Lovers on a beach. (2)

To make it ??? all the world was out of reach

Through the shattered ???

The music thought

Playing all the thing

R. Lovers on a shore. (2)

everyone more

Looking back on days seem so long

No there is only winter times to come

And She's missing you.

She hears the shore

she's builds it more

wheels is breaking back there her heart is aching.

R. Lovers on a shore. (2)

the flash back

like a ? photograph in time
