"Rage To Love"

Ten little indians standing in a row, all dressed up but
nowhere to go

Lookin' for a target, lookin' for a man

Just get me outta here, it's not the place my mind's
been thinkin' on

Just push me out again, it's no use hangin' 'round or
hangin' on

Seven little indians standing in a row

The compere walks on the stage and he says "Sing it
girls"

But the band's no good and the song don't cut it

Just get me outta here, it's not the place my mind's
been thinkin' on

Just push me out again, it's no use hangin' 'round or
hangin' on, hangin' on

Chorus:

Come on, let's go tonight, we got a brand new way to
celebrate it

Ohh, I got this rage to love

Baby, it's so right, and if you feel it, great! Dedicate it

Ohh, I got this rage to love

Three little indians cryin' in their make-up, nobody
stops and nobody cares

Just get me outta here, it's not the place my mind's
been thinkin' on

Just push me out again, it's no use hangin' 'round or
hangin' on, hangin' on

(chorus)

(Solo)

Come on, let's go tonight, we got a brand new way to
celebrate it

Ohh, I got this rage to love

Baby, it's so right, and if you feel it, great! Dedicate it

Ohh, I got this rage to - ohh, it's just this rage to

Ohh, I got this rage to love

(I got, I got, I got, I got, I got this rage to love) (repeats
out)
