I dreamed I lived? the whole thing ? last night

Somehow I still don't seem to get it right

I watched the dusty wasted skyes

? woman ?? ??? ? Pick me up and fill my? ?eyes

A. Shane! Can't you hear me calling you?

Shane if I thought that you would still be riding through.

I said shane.

Please take me back there with you.

Take a tune/tour. [End of A.]

I'm watching Marian as she let go.

I felt I was ? a timeless zone

It's hard for anyone to understand her pain.

You got to see the man to understand he wouldn't  
change.

[Repeat A twice
