A. I shake an I shiver when you reach for me and

I ? at the bottom of a deep blue sea.

The way you deliver ... you could make me freeze?

I get lost in the rythm of your mystery.

Who will you find to love you?

Nobody quite like me.

It's not the way you walk... must be the way you talk.
[End of A.]

B. So turn it on, turn it on baby, turn it on.

Maybe you need me...

Turn it on, when I'm weak baby, make me strong.

Oh... when you're gone, I get lost baby, I go wrong.

So turn it on, let it loose, baby all night long.

If you need me... [End of B.]

>From the ship? ???? I was passed away,

a snap? of your fingers and I have to stay.

???????????????? that look in your eyes was ment for
me.

Where would I be without you, why would I ever leave?

Could be the way you touch, you make me want/feel?
so much.
