I wake up in the morning, looking for reaction.

Then I see your faces, only for a fraction.

Did you hurt my feelings? You just nailed me to the wall.

Never say you're sorry, never show emotion

Never show a good hand, never give a notion

Don't you feel it's obscene? Do you feel a thing at all?

A. 'Cos you come right back with the same old story.

Words fell down! Words fell down!

You walk right back to the sound of glory.

Words fell down! Words fell down!

Oh, oh, oh, It's so helpless.

Oh, oh, oh, It's so helpless, it's so helpless. [End of A.]

Always a deceiver, never any answers.

Living in the shadows, taking any chances.

When you get a good line, come and talk in to my face.

[Repeat A.]

[Deep dark voice]

? [Probably the first line in lyrics for this song.]

Then I see your faces, only for a fraction.

Did you hurt my feelings? You just nailed me to the wall.

[Kim]

You fight right back with the same reaction.

Words fell down! Words fell down!

The same old show with the same old caption.

Words fell down! Words fell down!

It's so helpless.

It's so helpless, it's so helpless
